

The Photographers Manifesto: A Search for Meaning as a Photographer

The Photographers Manifesto, A Search for Meaning as a Photographer, takes you through a journey of discovery, helping you define who you are as a photographer. It is a timeless look into our photographic souls. It will inspire you, helping you learn about yourself and the special and passionate relationship you have with your camera and with your art. For centuries, photographers have experienced a special emotional excitement that comes with the art and craft of making photographs. Each has discovered the unique moment when they realized that photography was not just something to enjoy, but a part of their living, breathing existence. Today's digital photographers are taking their passion of photography to a new level, making it a lifestyle - a lifestyle made possible by awesome cameras, smartphones and creative software.
