

Horror Heroes 2

The Horror Heroes are back! The first Horror Heroes introduced a simple concept: what if famous monsters of folklore, fiction and cinema were re-imagined as super powered heroes. Now three of the authors from the original anthology return to introduce the world to a new set of monsters! Travis Hiltz brings the world Frankenstein & The Rejects as he takes the classic monster and turns him into a modern day troubleshooter with a team of equally strange allies. Nicholas Ahlhelm takes readers to The Beach House where they will meet a young woman named Lynda and the strange boy shes falling in love with, who might just have secrets buried in the Deep. Darrin Albert anchors the book with Steamed! as he develops a fully realized world of the sasquatch and drops the heroic Littlefoot into the middle of it as she seeks to bridge the world between human and sasquatch, even though it might come at terrible cost to her! In Horror Heroes, it will take a monster to save the day!
