

## Deannas Destiny (The Gybore Chronicles) (Volume 3)

Reaching the zenith of his powers, Sir spreads the human seed across the galaxy. In his trail of destruction, Deanna and Gybore are pawns in his galactic game, their innocence the price they pay for their trust. With his armour and sword, Danny serves his master. Together they hold an empire back from the brink of destruction only to have it torn apart by the writings and teaches of a gullible fool. Danny is sent on a mission, he is tasked to tear down an impregnable castle, ethnically cleanse a region and travel to the forbidden continent. From his masters mouth he learns he has been lied to, his service to the empire only a lie and learns the value and strength of his Fathers honour. In Dr Lipids and Sirs wake, Gybore commits crimes beyond even his dark imaginings. Pushed beyond his limits and to get to his lost ship, Gybore tears a world apart to save it. Destruction of his prison is only the first step in his dark trail of blood and hate. Ignored, beaten, burned nothing stops him reaching for his secret goal beyond the stars. Working the streets for her next fix, Deanna bides her time to steal the love she craves and take the vengeance at the end of decades patience. The dark vigilante turns his hand against corruption, the occult and political intrigue. His continuing mission to bring justice to the world is torn down by a bullet at the hands of a traitor with greedy eyes beyond her duties to the dark arts.
