

Surgery (Crash Course)

Covering all aspects of the syllabus, Crash Course offers you a fast way to recap on all you need to know to get through the exams with ease! Styled in an easy-to-follow, readily accessible format, each book has been prepared by senior medical students or junior doctors - under faculty supervision - to give you the correct level of information exactly as you need it! Each book begins with The Patient Presents With. Whilst the second part covers the common diseases and disorders you are likely to see in the clinical situation. Richly illustrated throughout, each chapter commences with learning objectives and has ample use of Hints and Tips boxes, Communication boxes, and other useful aide-memories. Self-assessment material closely reflecting current exam requirements - concludes each volume and provides you with an opportunity to perfect both your knowledge and exam technique! Fly through your exams with Crash Course, the revision aid to get you the results you need!
