

Declaring Breakdowns: Powerfully Creating a Future That Matters, Through 6 Simple Steps

The best way to predict the future is to create it. Each one of us, in every area of our life, has an almost certain, probable, default future. But is this future acceptable? This book provides a simple 6-step framework to actively create a future of ones choice. It gives an insight into several generative leadership distinctions which, when practised, have the potential of having a significant positive impact on performance.
