

Favorite Counseling and Therapy Techniques, Second Edition

In the new edition of this highly popular book, Howard Rosenthal once again brings together a group of prominent therapists who share their insightful, pioneering, and favorite therapeutic techniques. These therapists include such well-known figures as Albert Ellis, Arnold Lazarus, William Glasser, Raymond Corsini, and Allen E. Ivey. Many of the classic entries in the previous edition are once again included, some unaltered and others updated, while several new chapters have been added to reflect the newest advancements in the counseling field. For practitioners wondering what methods to use when working with clients and what they can prescribe for them between sessions, or for those who simply are interested in gaining insight into the thoughts and minds of such eminent therapists, the more than 50 entries in this text are sure to be both highly useful and exciting reads.
