

Finnians Fiddle

Dragons can often be obstinate, and when one dragon arrives at a rural seaport demanding to hear a child prodigy perform the violin, the townspeople must strategize. They send a boy named Finnian to the city to learn how to play. Unfortunately for Finnian, the task isn't so simple. Everyone from bandits to scheming aristocrats seem to stand in his way, and before his quest has ended, he will have to contend with a devious plot stretching into the fairy realm itself. FINNIANS FIDDLE is a fantasy story for all ages a folktale with mythic proportions.
