

Giaches de Wert. Letters and Documents (Epitome Musical)

La recente identification aux Archives communales de Novellara dun ensemble de trente-huit lettres inedites redigees par Giaches de Wert est a lorigine de ce livre. Ajoutees aux lettres deja connues des Archives de lEtat a Mantoue, elles forment un corpus consequent et inhabituel. Les lettres autographes de compositeurs du XVIIe siecle ne sont pas legion, et les quelques rares lettres qui ont survécu aux affres du temps sont souvent decevantes tant par le contenu que par le style, comme cest le cas notamment de la correspondance adreesee par Carlo Gesualdo a ses parents de la famille dEste. En revanche, les lettres de Giaches de Wert fournissent une occasion de simmerger dans son milieu, de mieux connaitre lhomme et de preciser sa biographie. Ces lettres de nature privee, qui concernent essentiellement des affaires personnelles ou domestiques, se distinguent nettement de la correspondance de Spataro qui traite avant tout de questions techniques et qui, pour cette raison, sont proches par lesprit des lettres de Roland de Lassus. La correspondance de Giaches de Wert forme donc un ensemble unique avant celle, celebre, de Claudio Monteverdi.
