

## Whistler (French Edition)

Whistler (Lowell, 1834 Londres 1903) Whistler surgit a un moment crucial de l'histoire de l'art et il joue un role de precurseur. Il a, comme les Impressionnistes, la volonte d'imposer ses idees. Son oeuvre se deroule en quatre periodes. Dans une premiere periode de recherche, l'artiste est influence par le realisme de Courbet et par le japonisme. Puis Whistler trouve son originalite avec les Nocturnes et la serie des Cremorne Gardens en s'opposant a l'academisme qui veut qu'une oeuvre d'art raconte une histoire. Lorsqu'il peint le portrait de sa mere, Whistler l'intitule Arrangement en gris et noir (p.31), ce qui est significatif de ses theories esthetiques. Si l'on peint les jardins de plaisir de Cremorne, ce n'est pas pour y figurer, comme Renoir, des personnages identifiables, mais pour saisir une atmosphere. Il aime les brumes des bords de la Tamise, les lumieres blafardes, les cheminees d'usine. C'est la periode au cours de laquelle il fera figure de precurseur et d'aventurier de l'art ; au bord de l'abstraction, il choque ses contemporains. La troisieme periode est surtout dominee par ses portraits en pied : c'est elle qui lui apportera la gloire. Mais il saura insuffler a un genre pourtant classique sa profonde originalite. Il restitue les personnes dans leur environnement : cela donne une etrange presence aux modeles. Il cree des portraits qualifies de mediums par ses contemporains et dont Oscar Wilde s'inspirera pour ecrire son Portrait de Dorian Gray. Enfin, vers la fin de sa vie, l'artiste realise des paysages et des portraits dans la grande tradition, tres influence par Velazquez. Whistler fera preuve d'une impressionnante rigueur en faisant sans cesse coïncider son oeuvre avec ses theories. Il n'hésitera pas a croiser le fer avec les theoriciens de l'art les plus celebres. Sa personnalité, ses fougades, son elegance, en font un sujet ideal de curiosite et d'admiration. Ami proche de Mallarme,

admire par Marcel Proust, dandy provocateur, mondain ombrageux, artiste exigeant, il fut un novateur audacieux.
