

Kachina: Messengers of the Hopi and Zuni Gods

Mischievous, roguish, or kind spirits of nature represented by handmade childrens dolls, known as kachinas, are explored in this colorful volume in the context of the Hopi and Zuni Native American cultures of New Mexico and Arizona. The study covers their origins, the religious practices surrounding them, their creators carving styles, restoration, ornamentation, and a chapter on the worlds oldest known kachina. Illustrating the Western cultures fascination with the strong suggestive power of these figurines, this investigation also delves into their form within the context of ritual celebrations, during which they are embodied by masked and costumed dancers. This edition is written in both English and French.
