

VERACHENA

Tom Chantry has a problem; he sees the truth. Because, in a world of magic, intrigue and war, he cannot see the illusions that others take for granted, and upon which their religion is founded, he is an outcast, a pariah who can never be Sealed to a god. But then, when he is bruised, starving and arrested for theft, he meets Peter Stone, and his life takes an abrupt turn. In a desperate attempt to escape the brutal punishment which is their due, they escape, and wind up in the Imperial Army. From there, they become soldiers, and Tom learns that his ability to see truth, if he uses it the right way, is the one thing which can save the Empire from doom at the hands of the soldiers of Goave and the Sorcerers of The Whorl. To do this, Tom must lead a vital expedition to the mysterious forest of the Pallin, and stop the Sorcerers from warping the world to their cruel design. And he must find out what it means to be a hero.
