

South African Art Now

A richly illustrated collection combining moving history with stunning contemporary art, *South African Art Now* is the first book to document the role of art and artists in the evolution of today's post-apartheid South Africa. Artist and author Sue Williamson explores five decades of South African art, from early political art in the 1960s (during the apartheid years) to the thought-provoking works that grabbed the international art markets' interest a generation later. Featuring the work of 90 artists and more than 500 color images, and with an insightful foreword from Nobel laureate Nadine Gordimer, *South African Art Now* is a valuable resource for collectors, curators, and contemporary art enthusiasts.
