

## Door, Vol. 1: The Binding Returned (Time, Book 1)

Have you ever wondered what lies beyond?

An innocent enough question, if you know what exists in your World. After 1000 years of stagnation orchestrated by the Immortal Nightlords, even the simplest of questions can provoke profound consequences. When the son of the High King of CHolm arrives in Riversea to accept his exile, Hamish is once again prompted to return to the Highlands and accept his duty as Prince of Sarzana. He is already a year too old to undergo The Testing upon The Sacred Mountain, so he can put off his departure a few more weeks and accompany Falkyr Fharson as far as Roadsend, where they have both been invited to visit The Lady of The Silver Lake. Guide Navarra of The Covenant insinuates himself into their company, wishing to invite Falkyr to the Kingdoms to win the favor of his Nightlord Prince for his faith. The Lady sets a series of tests for Falkyr, in order to see if he is the one who can do something that has not been done in 1000 years. Without meaning to interfere, it is Hamish who catches the attention of The Lady, and the newly Spoken For Lady Megan, her adopted heiress. Hamish's childhood as the willing butt of the pranks of the sons of the High Mayor of Riversea has inured him to the pain that comes when common sense is ignored. It makes him ideally suited to search for a Door that does not exist. But does it make him The Chosen One who can fulfill The Promise of The Binding Returned, and reunite The World and The Underworld? In his willingness to serve, will he sacrifice his own mortality?
