

Short Cuts Book 3: Student Audiocassette

The Teachers Audio Cassette consists of two separate audio tapes. The first tape contains recorded versions of all the dialogues found in the Listen sections of each lesson of the book. The second tape is the same tape as the Optional Student Audio Tape; it features passages from the self-review sections of the book. Since all tapescripts are printed in the student text, both audio programs are optional - you decide when and how to use them!
