

Night of the Hunter (Companions Codex)

R.A. Salvatore's New York Times bestselling saga continues as dark elf Drizzt DoUrden returns to Gauntlgrym with old friends by his side once again, as they seek to rescue Bruenor's loyal shield dwarf-turned-vampire. But not only do Drizzt and his allies face a perilous journey through the Underdark and the dangers of the undead that lie within, but they must cross through a colony of drow, who would like nothing better than to see Drizzt DoUrden dead.
