

Bitter Witness: Otto Dix and the Great War (German Life and Civilization)

Bitter Witness is an intensive, factual study of Otto Dix's war-related art. It is the first book to place Dix's etching cycle, *Der Krieg*, alongside numerous paintings and drawings in the perspective of his war experience on two fronts from mid-1915 to 1918's finale. It includes a full history of the war, the Weimar Republics socio-political upheavals, and the Nazi years, following Dix and his colleagues, including Käthe Kollwitz, through the artistic movements and events in the first half of Germany's most turbulent century.
