

Out Of Tune: The 30 Most Uncool Ways To Screw Up Your Band (A HOW-NOT-TO BOOK) (Volume 2)

Bands are strange and delicate creatures. Groups of persons nobly joining forces trying to make the musical total far greater than the sum of its parts, and often succeeding. But not always. Maybe thats because so many band members have so many other, not-so-musical reasons motivating them. Theres the girls, the money, the girls again, and the fame, and yes, the girls. The reasons for the breakdown, and breakup of bands (beyond Yoko, the Patron Saint of Broken-Up Bands) are legion. Ego, selfishness, envy, greed, and other venal sins mixed together in a brutish cocktail that would have Gandhi, Buddha, Jesus and Mother Theresa at each others throats. You get the pointbeing in a band is hard. This HOW-NOT-TO book is about identifying some of the more toxic of these behaviors in the hope that you can avoid them... yeah, right. Actually, theres no hope involved here. If youre honest, you may see yourself in these pages, but even if you dont, youre definitely going to see your fellow bandmates or musicians youve known. And if youre not in a band, so what? Read it anyways. You might learn something. If the truth hurts or makes you laugh, we did our job. So enjoy. Or not, as the case may be.
