

PURSUIT AND PROTECTION OF KNOWLEDGE

This book provides a peek into revealed Materialistic & Spiritual knowledge gleaned from the sacred Vedas. This knowledge became the delayed basis of the progress of mankind. It also resulted in creating the most advanced civilization in Ancient India, before deluge (13000 B.C.). This knowledge was revealed thousands of years before all the established religions. It also discusses the Cosmic laws that govern our lives. All religions have been influenced by this knowledge and the revealed knowledge thus became the mother of all religions. The revealed knowledge stresses advancement of Materialistic knowledge while striving to achieve the spiritual heights, thus assuring good balanced life. This value system benefits family, society and the world at large.
