

## The Sage Thief

The onset of the era of the wave of despair, the sage Anurich has arrived-the most compassionate of the sages, only that his presence spells great trouble for the world. He was always summoned to battle the greatest disturbances in the world. An evil is stirring. The most troublesome being has been given more liberation to exert its will upon the earth. Nature puts everyone in a difficult situation. Chaos is everywhere-a sage was taken, mages fight, villages disagree, and even the normal people act impulsively. The demons also contribute to the disarray plaguing the world. The destiny of the worlds would be decided in the home of the sages. Sages, mages, and demons rush to reach the rock altar of sages, where the future of the worlds would be concluded. The legacy of order is threatened. Who would prevail? Would the rule of chaos be fulfilled? If fulfilled, could it be managed? Would the influence of the era consume everyone? And would the stolen sage be recovered?
