Alfred Music Publishing is the worlds largest educational music publisher. Alfred produces educational; reference; pop; and performance materials for teachers; students; professionals; and hobbyists spanning every musical instrument; style; and difficulty level. Compiled from melodies Samuel Applebaum used to teach his students to play their instruments. The melodies are arranged in progressive order from the first three notes students learn to the end of level one in most method books. These melodies may be played as solos or in unison with other string instruments. Michael Katz has produced the accompaniment CD (in traditional; jazz; and rock styles) to motivate students to practice and perform for friends and family.
