

Strategic Brand Management

It can be undoubtedly said that in today's competitive environment, we sell brands, not products. Strategic Brand management is a crucial phenomenon and its important for marketing students and personnel to excel in it. This book has been compiled after referring to several text books. This book contains all the essence of marketing and brand related books with an aim that it becomes easier for the readers to grasp concepts rather than just moving around. This book has been divided in 45 chapters for clarity and better understanding of the brand management concepts. It will be very helpful for students especially who are pursuing marketing as their major. The TOC of book is as follows:

- 1 Nature of Strategic Management
- 2 Key Terms of Strategic Management
