

Vocal Development and Communication for Singers, Actors, and Speakers

Preface I am very excited to present the E-Book version of my father David Sorin Collyers book Vocal Communication and Development for Singers, Actors, and Speakers. My father was an extraordinary performer, who had a vibrant and successful career in Vaudeville, on Broadway, and as a world renowned vocal coach. He had a glorious voice and developed this brilliant vocal technique. I have the great pleasure of carrying on his legacy. I am an actress and singer, and I use his proprietary technique Controlled Relaxation to coach Performers and Business Professionals. I work with my students and clients to get the most out of their vocal potential, so that they can experience Powerful Projection, Resonance, and Physical Presence. We also have great results with accent reduction. Daily I get to see my students transform into dynamic, charismatic performers and presenters, and see the confidence thats achieved through this innovative and holistic technique. My vocal studio is in Midtown Manhattan, I travel internationally and offer Skype sessions.
