

Curse of the Moira

In a world filled with darkness, three races clash. Tension between the divinares, brutarians, and humans has been brewing for years and war is imminent. In this twisted tale of friendship, love, betrayal, and fate, you'll follow the journey of a young woman, Mahlia, as she discovers what it truly means to be a divinare. Mahlia is the last of her race to be born with the gift of sight, but doesn't know what this power entails. As symbols predicting the future ignite on her skin, she must escape from the Iron Gates, where she's been imprisoned for over half her life, and journey across the realm to find the answers she seeks. But will she have time to learn the symbols meaning before chaos is unleashed?
