

## The Book of the Prophet Isaiah, 1-39 (Cambridge Bible Commentaries on the Old Testament) (Chapters 1-39)

In Isaiah 1-39 are included the oracles of a prophet who lived in the closing half of the eighth century B.C. His interest in contemporary politics and understanding of international affairs was the product of his faith in the Holy God, who rules in and over all history. Professor Herbert introduces the book with sections on its date, context, nature and content. The text is then given with the detailed commentary in the style now established for this series.
