

Analysis of J. S. Bachs Wohltemperirtes Clavier, Vol. 1: 48 Preludes Fugues (Classic Reprint)

Excerpt from Analysis of J. S. Bachs Wohltemperirtes Clavier, Vol. 1: 48 Preludes Fugues

The present analysis of J. S. Bachs Wohltemperirtes Clavier may be regarded as a sequel to the Catechism of Composition, and specially as a Guide to fugal composition by the help of the most wonderful master-pieces in this branch of musical art; for to students of composition good examples are far more profitable than abstract rules and vague prescripts. If a well-known teacher of counterpoint is accustomed to tell his pupils that really not one of the fugues in the Wohl. Clavier is according to rule, surely one might turn the spit and maintain that rules which do not agree with Bachs fugues are worthless. The first result of the present analysis of fugues is to establish in the clearest manner the perfect agreement of Bachs fugal structure with the norm of all other musical formation; tripartite division according to the scheme A - B - A (foundation-laying section in the principal key, modulating middle section, concluding section in the principal key is everywhere clearly exposed to view; and sound reasons, likewise, may be given for the few apparent exceptions. The free episodes are not merely connecting members inserted between the principal sections of the fugue but they appear in the principal sections themselves, are complementary to the theme entries, serving as foils to them, or surpassing and crowning them. About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do,

however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
